To Whom It May Concern,

It is my pleasure to write a letter on behalf of Laura D'Angelico. Laura came to work for Kottke Architecture spring of 1999. Since 2003 Laura continues to work for me as an independent contractor. Laura is a very talented draftsman, designer and technician. Her skills in ArchiCad, a 3 dimensional architectural computer aided drafting program is superb. Beyond her skills as a CAD draftsman, Laura has a very creative mind that thinks "out of the box". Her outgoing personality drives her entrepreneurship spirit. Her integrity and work ethic is solid. I know whoever brings Laura into their company will have a very loyal and dedicated employee.

Best Regards,

A handwritten signature in black ink, appearing to read "James Kottke", with a long horizontal line extending to the right.

James Kottke
